The Optimal Resort Conference Environment

Resort Conference City

As a highlands resort area, Karuizawa is the perfect place to step away from the city, gaining the distance from everyday life that lets people really focus on the topics at hand. Conferences can be supplemented by a variety of other activities such as golf, tennis, and nature watching. (Ideal for those accompanied by family.)

Safety and Security

In addition to its easy-to-secure surroundings, Karuizawa has a wealth of security experience related to year-round protection for members of the Imperial Family, security details for VIPs from Japan and overseas, and large-scale security operations while hosting summer and winter Olympic Games events.

Access

Karuizawa is conveniently located just 70 minutes by bullet train from Tokyo Station.

Accommodations

One of Japan's leading resort areas, Karuizawa offers all sorts of accommodation facilities including large-scale resort hotels, classic hotels, and Japanese-style hotels that can be used not only for conferences and seminars but also for parties and weddings.

The Appeal of “Beautiful Village” Karuizawa

TRADITIONAL

Karuizawa began its growth as a summer retreat in 1886 when foreign missionaries visited the area to escape the heat, and is now known nationwide as one of Japan's leading highlands resort areas.

INTERNATIONAL

Karuizawa is the only place in Japan to have hosted both summer and winter Olympic competition (equestrian eventing at the 1964 Tokyo Olympic Games and curling at the 1998 Nagano Olympic Winter Games). The town's international character is the result of deep historical ties with people from overseas.

ELEGANT

Karuizawa carefully protects its bountiful nature, tranquil environment, and wonderful scenery. Some of Japan's leading music halls and museums, as well as numerous churches and chapels, stand quietly amid the town's beautiful natural surroundings.
